Instructions:

Due to 'social distancing' measures, not all classrooms are accessible. Classrooms that are **OPEN** are shown in **GREEN**. The number shown inside each 'open' room is the **maximum** capacity of students allowed.

Classrooms/areas that are greyed out are **CLOSED** and are, unless you are otherwise directed to use them, out-of-bounds. The number(s) shown in **RED** indicate the **maximum** capacity of students allowed.

Students must line up in the **designated** areas outside of their directed classroom and await instruction from their teacher.
