Engaged Students

JSTC offers a broad curriculum to match the needs and interests of its students, to enable them to reach their challenging targets.

Wider-Curriculum opportunities*

Our Award winning Rock Challenge programme, Year 7 Camp and Duke of Edinburgh scheme gives students the chance to enhance the range of employment opportunities available to them.

Investing in our Facilities

Our latest teaching block opened in 2019 and is the home of MFL, Art and Textiles. Over £2.5 million has been spent on improving our site in the last decade.

Exciting ICT developments coming in September 2021.

Supporting our Students

Progress Teams allocated to each year group to help with academic and emotional support.

Our dedicated staff will help with any wellbeing issues to keep students focused and happy in school.

--- Our Ethos ---

Respect, Responsibility and Resilience
Core principles of life at JSTC which we believe will allow students to become confident and motivated young adults.
