

14 July 2021

Parents/Carers of Year 9 & Year 10 students

Dear Parent/Carer

### **PCR Tests – Negative Results**

Further to my letter of 12 July advising that several Year 9 and 10 students had produced a positive Lateral Flow Device Test result, I am now pleased to advise you that subsequent PCR tests have come back negative.

Therefore all students can return to school tomorrow, Thursday 15 July.

However, due to advice from the Education Team at Lincolnshire County Council informing schools of the rising infection rates across Lincolnshire, their Health Team have recommended that for the last 3 days of term; 19, 20, 21 July, we continue with existing Covid safety measures currently in place. Furthermore any events in school during the final days are subject to full Covid Risk Assessments and protocols.

Thank you for your continuing support and efforts in keeping our students, staff, volunteers and community safe.

Yours sincerely

Joyce Shorrocks (Ms)  
Headteacher
